PROFESSIONAL SUMMARY

Detail-oriented Systems Engineer with experience spanning ERP administration, network infrastructure, and full-stack web development. Skilled at translating business requirements into reliable technology solutions — from enterprise system support and user management to building customer-facing web applications. Quick to adapt to new tools and methodologies, with a track record of improving processes and delivering quality results in both team and independent settings.

PROFESSIONAL EXPERIENCE

Kenworth Trucksales Sonora *Aug 2025 – Present Hermosillo, Sonora, MX* **Systems Analyst — ERP Administration & IT Support**

- Administer and support the company ERP platform, ensuring data integrity and system availability across departments.
- Manage user accounts, access permissions, and software licenses for internal staff.
